

SERVICE PORTFOLIO & SCOPE OF WORK

Comprehensive Overview of Production, Social Media Management, Training, and R&D Services

I. PRODUCTION WORK (प्रोडक्सनको काम - भिडियो, फोटो)

Full-service media production focusing on high-quality visual storytelling, corporate branding, and public messaging through professional photography and videography.

1. Biography (जीवनी)

In-depth video and photo biographical storytelling for key figures, leaders, dynamic personalities, and historical personal archives. Captures lifetime achievements, personal narratives, and legacy.

2. Documentary Film Production (वृत्तचित्र)

End-to-end thematic storytelling and documentary film creation covering social issues, cultural heritage, institutional milestones, and development projects.

3. Advertisements & Commercials (विज्ञापन)

High-impact promotional videos, TV commercials (TVCs), digital ad campaigns, and commercial photo shoots tailored for brand awareness and market reach.

4. Profile Making (प्रोफाइल मेकिङ)

Professional corporate and organizational profile creation using structured video summaries, photographic showcases, and audio-visual presentations to showcase company identity and capacity.

II. SOCIAL MEDIA HANDLING (सोशल मिडिया ह्यान्डलिंग)

Strategic digital presence management, branding, audience engagement, and performance marketing across major digital media platforms.

1. Biography & Profile Creation

Crafting and optimizing personal and organizational digital profiles across channels (Facebook, YouTube, Instagram, LinkedIn), establishing brand identity and authority.

2. Media Consulting

Strategic advice on communication channels, public relations, crisis management, digital positioning, and targeted public outreach strategies.

3. Facebook Boosting & Digital Campaigns

Targeted ad placement, audience demographic segmentation, post boosting, ROI analysis, and paid performance marketing to maximize reach and conversion.

4. Social Media Advertisements

Designing and publishing bespoke visual ads, banner graphics, short promotional reels, and engaging copywriting tailored specifically for digital feeds.

5. Event Coverage & Management

Live digital streaming, real-time social media updates, multimedia publishing, and complete media coordination during public events, conferences, and celebrations.

III. TRAINING PROGRAMS (तालिम तथा क्षमता विकास)

Comprehensive capacity building and practical technical training designed for individuals, corporate teams, journalists, and creative professionals.

1. Social Media Handling & Strategy

Practical guidance on page administration, algorithmic optimization, analytics interpretation, content scheduling, and community engagement tactics.

2. Content Creation

Hands-on training in developing compelling visual, written, and video content tailored to modern digital audiences.

3. Journalism Basics

Core fundamentals of news gathering, interviewing techniques, ethical reporting, press release writing, and investigative storytelling.

4. Creativity & Technical Production

Advanced practical skill modules in visual arts and production technology:

Videography

Photography

Video Editing

Graphic Design

Motion Graphics

5. Idea Monetization

Strategies to transform creative projects, YouTube channels, digital content, and media skills into sustainable revenue streams through ad revenue, sponsorships, and affiliate channels.

IV. RESEARCH & DEVELOPMENT (R&D) (अनुसन्धान तथा विकास)

In-depth field research, media monitoring, data collection, and multi-sectoral development initiatives in collaboration with key stakeholders.

1. Source Research

In-depth background investigation, primary/secondary data gathering, field study, stakeholder mapping, and policy review for media and development projects.

2. Government & Non-Government Collaboration

Partnering with federal/local government bodies, NGOs, INGOs, and civil society organizations for baseline studies, impact assessment reports, awareness campaigns, and community development initiatives.

Document generated based on service outlines provided. For further details or customized project proposals, please contact the production team.
